

Can you be a RESOURCE PERSON?

Women come to the Health Collective for many different health reasons. Our resources include books, journals & magazines as well as our own knowledge, experience & encouragement.

But it's still especially valuable for a woman to talk to someone who's had a similar experience or problem.

If you are willing to be a Resource Person on any subject(s) please give us your name & # so that we can refer women to you from time to time. Thanks!
