

The Vancouver Women's Health Collective is pleased to announce that the Post Abortion Peer Support Group at the collective has been reinstated. The group will run every other Saturday from 10:30am-12:00pm. See calendar behind Info Centre desk for current dates. will facilitate the group. Please ask the volunteer to see the FYI binder on the Info Centre desk for their biographies. Thank You!

Post Abortion Peer Support Group

This group is for women who have experienced an abortion and who feel unfinished in making peace with their decision. Some women find they are more troubled by the abortion experience than they had expected. This may show itself through feelings of guilt, shame, regret and loss.

This group will provide the opportunity to share your experiences and feelings. As well as strategies that work for managing these challenges. It will provide the opportunity for women to learn from one another and to support each other.

This will be a drop-in group. It is recommended that women be at least 2-3 weeks post termination. Women who feel that they need acute post abortion counselling should contact the Vancouver 24-hour Crisis line at 604.872.3311.

The group will run every other Saturday from 10:30am-12:00pm. Please call the Vancouver Women's Health Collective Information Centre at 604.736.5262 for current meeting dates.

**The Post Abortion Peer
Support Group (PAPSG), has
been postponed until further
notice. Anyone interested in
facilitating this group should
contact the Vancouver
Women's Health Collective
at 604-736-4234
or 604-736-5262**

Thank you.
