

Drug Treatment Not Jail!

Demonstration & Public Protest

in the form of a

Funeral Procession

Inspite of the Action Plan of the Vancouver-Richmond Health Board, the epidemic of death continues in our community due to **the lack of detox centres, drug treatment programs, and adequate housing**. Without these, no action undertaken will be able to seriously address the rampage of death that is devastating this neighborhood. In light of this, all are invited to participate in a street-level demonstration of grief and public protest, followed by a rally in front of the Police Station, and a commute to the Vancouver-Richmond Health Board Meeting to express our desperate need for these essential resources.

Thursday, November 27
