## Legislative Buildings

### 12:00pm - 2:00pm

**Philippe Lucas**

Philippe is an elected city council member and the Executive Director of the Vancouver Island Compassion Society. He has also worked with a countless number of organizations including HepCBC and Harm Reduction Victoria.

**Dr. John Farley**

Dr. Farley is an Internal Medicine specialist from Vancouver, BC. He is an outspoken advocate for the hepatitis C community and has been featured in many articles for several newspapers and media outlets including CBC.

**Fran Falconer**

Fran is a hepatology nurse advocate who has won several awards for her services. Her most recent award was the Clinical Practice Award for her excellence in hepatology care.

AIDS Vancouver Island and HepCBC present:

**2009 World Hepatitis Day** with guest speakers from the community

# Am I Number 12?

**1 in 12 people world-wide have hepatitis B or C.** The problem is that many people don't even know it.

Are you number 12?

Join us **May 19th** from **12:00pm - 2:00pm** at the **Victoria Legislative Buildings** to help bring awareness to this silent epidemic.

Brought to you by:

AVI's community education is funded by the **Vancouver Island Health Authority** and HepCBC is sponsored by **United Way** and the **generous public!**
