

## Man2Man Survey 2005

This is a quick survey about enjoying sex and having correct, useful and appropriate information at the right time. The questions are frank and explicit.

Filling out this survey makes you eligible for a one-time draw of a \$50.00 on-line electronic gift certificate (Chapters, Virgin, Amazon, etc.). To enter the draw, you will need an e-mail address. You can get a private e-mail address for free at ([www.hotmail.com](http://www.hotmail.com)). Incomplete surveys will not be eligible for this draw.

The findings will help local non-profit health organizations find out what your opinions are on being attracted to persons of the opposite and same sex, what the issues are and how to best deliver prevention information to you.

Your opinions will help local health service organizations make appropriate and sensitive health-related information available.

This survey is sponsored by the Living Positive Resource Centre (<http://www.livingpositive.ca>) and an ad hoc committee; it is funded by BC Centre for Disease Control, and supported by the research technical assistant at the HIV/AIDS Community Based Research Capacity Building Program ([www.bcpwa.org/cbr.php](http://www.bcpwa.org/cbr.php)). Some of the demographic items have been adapted from the "Sex Now" survey (<http://www.sexnowsurvey.com>).

If you have any further comments, questions or concerns, please contact 1-800-616-2437 or check ([www.livingpositive.ca](http://www.livingpositive.ca)).

**CONFIDENTIALITY:** Your answers indicate that you are over 18 years of age and consent to giving the information requested. The data collected will be used for the purpose of HIV/STD and Hepatitis C prevention programming.

Please print the survey, complete and return it via conventional mail to:
