I am sure a meeting with city people is possible. Keep in touch with both Jim and Ellen, and let them know when you are ready for a meeting. Let me know if you have any difficulty making contact with them, and I will help out ASAP. If it is urgent, you should call me rather than using email, as I don't usually get a chance to check my email Saturdays or Sundays. Keep up the great work you are doing. I truly am incredibly impressed.

Thank you for the clear position of the [Friends of the] Woodward's Squat. It is an important leadership role that you all have played in the need for housing and shelter that is accessible and affordable for all. Your email will be discussed by the Caucus and I am sure that we will all agree to an elected representative for any details that need to be discussed. Tim and I would be willing to meet over the next few days as Jim is in Ottawa. As you know we are committed to having housing/shelter offered to all the people at Woodward's so that the squat can be peacefully concluded by Tuesday. COPE is committed to continue to work for funding for housing and for the homelessness with all the responsible levels of government. Looking forward to meeting with you.
