

enough is **ENOUGH!**

NO SAFE STREETS ACT! NO SOCIAL CLEANSING!

We have had enough of yuppies, businessmen and politicians. We have sat by long enough while the Business Improvement Associations (BIAs) and their lackeys meet behind closed doors strategizing the increasingly violent war against the poor. We have had enough!

Amidst an intensifying campaign of social cleansing the Downtown Vancouver BIA is hosting a meeting that will bring hundreds of like-minded shitheads from around the world to celebrate the suffering of poor people. The Anti-Poverty Committee has been fighting tooth and nail against the DV BIA and will be greeting their distinguished guests at their opening gala, squeegees and caps in hand.
