

SUPPORT THE WOODWARDS SQUATTERS! SOCIAL HOUSING FOR ALL!

The Woodward squatters remain without decent housing and their demands remain unmet.

Most squatters have not participated in the Woodward Community Consultation Process because of its inherent contradictions and lack of trust felt towards municipal bureaucracies.

This 'consultation process' gives the people no real decision making power.

We are allowed only comments and input regarding the building we physically fought for. From beginning to end of this process it will be city staff that analysis the 'communities' responses and city council that makes all final decisions.

The entire 'consultation process' is smoke and mirrors. An artist has been hired to sketch our aspirations. You cant make a doodle of dignity.

Our demands remain the same! *All unites must be made into social housing immediately! The cost to do so will be paid for by the B.C. liberals now!*

The squatters need to be moved into decent housing until Woodward is fully prepared. At this time squatters who heroically stood their ground under the W for months have been rounded up and corralled into a prison-like-shelter by the city.

SOCIAL HOUSING IS WHAT WE FIGHT FOR, HOUSING IS WHAT WE WILL WIN!!
