Re. Community Action

Dear Brothers and Sisters;

Members of the Peoples Opposition pulled together a collective of key activists to organize a mid-September action against the Liberal/Corporate coalition.

Starting on Saturday, September 14th and ending on Saturday September 21st there will be daily rallies drawing attention to the Liberal/Corporate cuts and inhumane agenda.

We will be running a 'pirate' radio station as well as transmitting live through internet links so we can tell the real uncensored truth about the rallies.

We hope this week of rallies and non-violent direct action coupled with calls for strategic direct action across the province will move the resistance of the Liberal Corporate agenda into a new level of activism.

We hope to put a spotlight on fiscal ineptness of the cuts and privatization.

We feel it is important that this event occur before the next sitting of the legislature and the concurrent rally.

Our request of you is that you ask your people to come out to support our events and further consider sending some financial support to our campaign.

The setup of an internet station and the feeding of the community during this week will not be without financial costs.

If you believe as we do that action against the Campbell attacks must affectively increase then we welcome your support and acts of solidarity.

For further information call me at 604-215-2263.

Yours in Cause;

Jim Leyden

Steering Committee member.
